

K-Love @91.3FM in San Antonio is an excellent, family friendly Christian radio station that impacts the community and my family in a positive, uplifting way. It is one of the only two radio stations that I listen to. Other programming contains commercials and hype that holds no moral value. This station is one of the very few that upholds the Christian values that are hard to find in today's society. This station lifts people up and gives them hope. Please continue to allow K-Love to broadcast in San Antonio. Thank-you for allowing my input.

Sincerely,
Lori Michaels
